WHO WE ARE

Bhartiya Jan Utthan Parishad (BJUP) is a non-profit organisation that works to empower and enable marginalised communities through education, social action, and advocacy, as well as connecting them to various GO-NGO(S) anti-poverty and flagship initiatives targeting their long-term sustained development. Community Driven Approach and Participatory Models are illustrious tools that when used in conjunction with the committed team of BJUP, have had a long-term impact in the intervention areas.

Bhartiya Jan Utthan Parishad (BJUP) collaborates with a number of national and international development organisations as well as CSR. These partnerships have supported BJUP in establishing itself as a lead agency in impactful Civil Society Coalitions, Civil Society Networking, and Partnership Mode Project Implementation, combined as well as growing in to a Consortium Nodal Agency. In all are processes, we as our organization adhere to the greatest levels of commitment, transparency and accountability.

VISION

Holistic development of all sections of society through awareness and consciousness.

MISSION

Deriving sustainable development processes ensuring improvement in quality of life of all sections of the society, especially of deprived and marginalized through participatory approach.

VALUES

Inclusion & Diversity

Innovation & Growth

Integrity, Transparency & Reliability

Commitment

Collaboration

LIVELIHOOD & SKILL DEVELOPMENT: BJUP promotes sustainable livelihoods through agricultural interventions, bio-stock support, natural resource management, linkages to Social Security Schemes, vocational training, employability skills and entrepreneurship development. Skilling of youth and women, vocational training, soft-skills and connecting participants to the job markets are strategic thrust areas of BJUP. It has its own training facility based on the model Skilling-Capital-Connection either for the job market or for entrepreneurship.

WOMEN EMPOWERMENT: BJUP is devoted to gender equity and women empowerment for which we intervene at individual, family, community and society in its wider perspectives ensuring participation in civil, political, economic, social and cultural spheres. Our efforts aim at building awareness, assertion, access and agency. We strive to end all forms of gender-based discriminations and violence.

CHILD PROTECTION: BJUP is committed to curbing all kinds of exclusions and addressing multiple vulnerabilities faced by Children in Need of Care and Protection (CNCP). We strive to end Child labor, Child marriage and all forms of Child Rights Violation. Through our programmes we accompany children in their journey towards education, all round development, welfare and wellbeing.

ENVIRONMENT: BJUP's commitment to the environment moves along the health and well-being of the people. We aim at everyone's access to sustainable energy services and clean energy technologies. We promote reduction in black carbon, greenhouse gas emissions and deforestation as well as encourage re-use, recycle, and renew processes.

EDUCATION: BJUP mainstreams educationally deprived children in the community through supplementary & bridging efforts and quality delivery of education in governmental schools by providing physical and techno infrastructure, teachers' training, educational materials and scholarship to disadvantaged children to realise their right to "Free and Compulsory Education".

HEALTH & WASH: BJUP works substantially on a large array of health and community health issues. Our thrust areas include Malnutrition, HIV/AIDS, RMNCH+A and lately COVID 19. We resort to awareness, service provision, capacity development and advocacy to attain access, adequacy and quality of health services. BJUP acts upon every aspect of WASH. We stand with the community in awareness building, sanitation infrastructure, water quality monitoring, hygiene education, waste management and sustaining behaviour change

India's attainment of SDGs would highly depend on the attainment of SDGs in the region including Bihar and Jharkhand as this region is among the poorest and most backward. All our thematic and programme interventions are aligned to one or more SDGs. BJUP has worked up and grown in programme alignment to Global Developmental Goals and Guidelines through the period of Millennium Development Goals and through the transition to Sustainable Development Goals. We are mission bound and dedicated to make this world a better place for everyone and are contributing our mite in the effort through acting locally in the difficult geographies and among the poorest communities in Bihar and Jharkhand. In this course we have been contributing directly to 13 SDGs which are most relevant to Bihar and Jharkhand.

OUR PROGRAMS

ADAPTION & INTEGRATION OF TECHNOLOGY

Digitising internal processes and operating systems is critical today, especially as the world is increasingly applying innovative solutions and new technologies to organisational processes, services, and products; BJUP has always been indeed receptive to new technologies to improve learning, knowledge management, and processing of data. Accredited to NASSCOM Foundation's Big Tech Programme, BJUP is enrolled in Google Non-Profit and we have been allotted G-Suite. In order to accommodate and adapt greater efforts into expanding its efficiency, the organisation's manager information system undertakes constant upgrades to provide programmatic and thematic inputs to the organisation management, staff and all other stakeholders associated with BJUP.

BJUP has an effective communication system with defined standards and protocols, and a network of channels to disseminate. And as technology is rapidly marching inroads and have acquired the space previously meant for postal or

print media, social media presence as an alternative media for messaging, spreading goodwill and mobilise philanthropy, development grants and CSR Resources has its own importance; the organisation can be reached out on social media platforms such as LinkedIn, Twitter, Facebook, Instagram where we connect with a wide community bringing in various kinds of resources and inputs especially younger generations who are being increasingly engaged at various capacities with the organisation.

Managerial support resources being offered by BJUP:

In the course of its developmental journey, BJUP has emerged as a lead agency in the sphere of Civil Society Coalitions, Civil Society Networking and in Partnership Mode Project Implementation. The institution has taken the lead role in the implementation of state wide programmes where it had to take prominent roles in programme direction, partnership guidance, coalition team work, management of coalition fund flow and coalition fund management. BJUP has developed key expertise in various areas of effective management in development programmes and partnerships. We have a well-equipped resource wing extending support in Partnership Mode Programme Management to Responsible MICA Initiative (RMI). In the recent COVID 19 Vaccination Drive we have extended similar support to the COVID 19 vaccination programme of Azim Premji Foundation.
